World Time***

OPERATIONAL NOTES

Thank you for your purchase of our Lingo Translator. To insure trouble free operation of your Translator, we recommend the following:

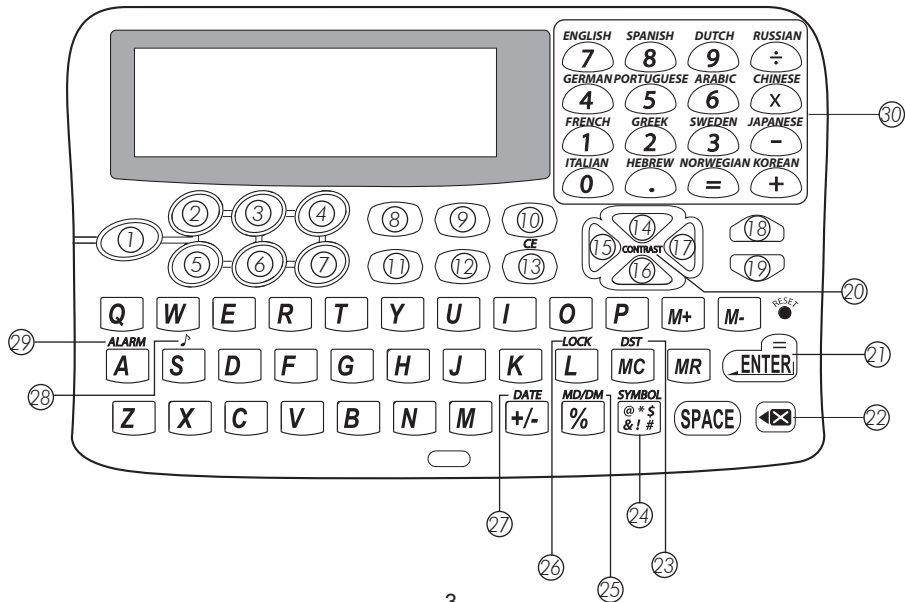

1. The Translator should be kept in area free from extreme temperature changes, moisture and dust.
2. This equipment is precision-built. Do not subject the translator to strong shock by striking or dropping it
3. A soft, dry cloth should be used to clean the translator. Do not use solvents or a wet cloth.
4. Never disassemble or attempt to repair the translator and its accessories. Keep this manual for further reference.

FEATURES

1. The TRANSLATOR translate 16 languages containing total 320,000 words and 32,000 sentences, average each language contains 20,000 words and 2,000 sentences.
2. The built-in DATABANK stores and retrieves names, telephone numbers and memos.
3. 12 digits CALCULATOR can do memory and percent calculations as well as standard arithmetic operations.

4. LOCAL TIME CLOCK specifies your local date and time. Alternative American or English date format, 12-hour or 24-hour format and Summer daylight saving time.
5. WORLD TIME shows the date and time of any one of 200 major cities in the world.
6. CURRENCY CONVERSION plus 8 METRIC CONVERSION.
7. LIGHT/DARK DISPLAY allows you a choice of 17 levels either light display or dark display.
8. PERSONAL PASSWORD allows you to lock your databank memory.
9. Read by 2 LINES x 16 CHARACTERS DOT MATRIX DISPLAY.
10. AUTOMATIC POWER OFF conserves battery power by turning off the translator after 2 minutes.

NAME OF KEYS

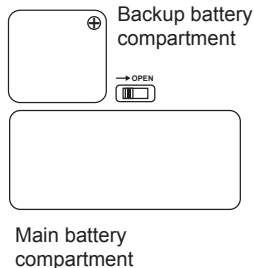

1. ON/OFF : Switch on & off. The translator will automatically switch off if you do not press any keys for approximately 2 minutes.
2. WORDS : Enter Single Word.
3. PHRASE : Enter category to get 2000 sentences.
4. TEL : Press this key to enter to Databank mode.
5. TIME :
 - a) Press once to enter the Local Time mode.
 - b) Press twice to enter the World Time mode.
6. CAL : Press this key to enter into the calculator mode.
7. CONV : Press to enter to Currency, Metric and Size mode.
8. ACNT : Press this key to get accent on European, or press Symbol ACNT to get symbols.
9. 12/24 : In Local Time mode, press this key to change your display format to 12 or 24 hours.
10. AC : To Clear the whole input in Calculator mode.
11. EDIT : Press this key to change data or information already input.
12. ESC : Press this key to return to last screen.
13. CLEAR :
 - a) To clear the whole input in Translator mode.
 - b) As the "CE" key in Calculator mode.
14. UP : To move the cursor upward.
15. LEFT : To move the cursor leftward.
16. DOWN : To move the cursor downward.
17. RIGHT : To move the cursor rightward.

- 18. Page Up : To scroll the last page.
- 19. Page Down : To scroll the next page.
- 20. CONTRAST : In Local Time mode, press this key to darken or lighten the display.
- 21. ENTER :
 - a) To have translation in translator mode.
 - b) To store data into memory in databank mode.
 - c) To confirm the time setting in local time and world time mode.
- 22. Back Space : Back and delete the last input.
- 23. DST : Day Summer Time. In local time mode, press this key to increase or decrease one hour for Summer time.
- 24. SYMBOL : To get symbol in Translator and Databank mode, press ACNT to get the symbols.
- 25. MD/DM : In local time mode, press this key to change your display to see American or European date format.
- 26. LOCK : In Local Time mode, press this key to setup or delete your personal password.
- 27. DATE : In local time or world time mode, press this key to see the date.
- 28. TONE : In local time mode, press S key to switch ON or OFF tone for keyboard.
- 29. ALARM : In local time mode, press A key to switch ON or OFF for ALARM function.
- 30. 16 LANGUAGE KEYS :
 - a) Press these keys to enter the desired language.
 - b) Press these keys to get translation.
 - c) In calculator mode are functions numeric.

BATTERY FITTING

1. Your translator is powered by main two CR2032 lithium batteries and databank memory power by one CR2032 lithium battery. When the power level of the batteries is low, display low battery. If it happens, replace the main one battery for translator immediately.
 - a) *Turn off the machine.*
 - b) *Slide the switch to right hand side to open, then pull off the battery door of main compartment.*
 - c) *Remove the old batteries and replace them with new ones, ensure that the positive (+) poles are on top, same as the symbol indicated inside the battery compartment.*
 - d) *Make sure that the batteries make a good contact with the metal plates in the battery compartment.*
 - e) *Pull the battery compartment inside the cabinet.*
2. The battery for databank memory is not required to replace unless your main battery was always in very low power. In case, replace the main 2 batteries first and keep them in the battery compartment, then to replace the battery of databank. With this way the memory in your databank will not be lost during the battery replacement. To replace the memory battery, unscrew the battery cover and replace new one.

OPERATION

Before starting, please read this instruction manual carefully and be sure follow the correct operating procedures. Keep this instruction manual for future reference.

A. SWITCH ON YOUR TRANSLATOR -

Pulling out the battery isolating tape from the battery compartment, remember to pulling out the tape for main battery first, after that, pulling out the type for back up battery, your translator will start to Power ON. Display shows the LOCAL TIME.

B. LOCAL TIME

1. Display shows:

G. USING THE CALCULATOR

You can use the Translator to do standard arithmetic calculations, memory calculation and percent calculations. It calculates up to 12 digits.

1. Press <CAL> to go into the calculator mode, display shows:
2. Standard calculation, +, -, X, ÷.
3. Memory calculation:
(M+) to total a calculation and add the total to memory.
(M-) to total a calculation and subtract the total from the value in memory.
(MR) to recall or display the value in memory.
(MC) to clear the memory.
4. <CLEAR>:
(CE) To clear display.
(AC) To clear all calculation memory.

H. USING THE CURRENCY CONVERSION

a) SETTING THE CURRENCY AND EXCHANGE RATES

The translator can convert 8 user-programmed currencies and your own denomination.

1. Press <CONV> key to go to conversion mode, and then <1> to select CURRENCY conversion, display shows:
2. Press <EDIT>, the currency name is flashing,
3. Press right arrow key <▶> to move the flashing to the exchange rate. Change the exchange rate by type in a new rate, e.g. US Dollar one approximately equals to 1.02 EURO,
4. Press <ENTER> to confirm the setting.

b) CONVERTING CURRENCY

1. Type in the amount, e.g. USD1,000:
2. Press <=> or <ENTER>, display shows: 1020.

▶ 1. CURRENCY
2. METRIC

USD -->EUR
1.

USD -->EUR
1.

USD -->EUR
1.02

USD -->EUR
1.02.

USD -->EUR
1000.

USD -->EUR
1020.

3. Press <RIGHT> key to make 2 currencies inverse, e.g. to find one EURO to what amount of US Dollar. Press <RIGHT> key, the arrow will reverse automatically:

USD <-- EUR	I
	0.

4. Type in 1000, and then press <=> or <ENTER>, display shows: (i.e. EURO 1 = USD 980.3921568)

USD <-- EUR	I
	1000.

5. To clear display for next calculation, press <CE>.

USD <-- EUR	I
	980.392156863

6. The other type of currency conversion are with same format as above.

- c) ***There are 8 currency name programmed in the translator, use PAGE UP/ PAGE DOWN (^ v) key to select the other of currency.***

USD -> EUR = USD -> EURO

EUR -> USD = EURO -> USD

USD -> GBP = USD -> Great British Pound

GBP -> USD = Great British Pound -> USD

USD -> RMB = USD -> Chinese Ren Min Bi

RMB -> USD = Chinese Ren Min Bi -> USD

USD -> JPY = USD -> Japanese Yen

JPY -> USD = Japanese Yen -> USD

2. *If you want to change the Currency name :*

- a. Press <CONV> key to go to conversion mode, and then <1> to select CURRENCY conversion, display shows:
- b. Press <EDIT>, the exchange rate is flashing :
- c. Press <RIGHT> key (▶) to move cursor to EUR, type in CAD.
- d. Press <ENTER> to confirm the setting.
Now you currency name is USD -> Canadian dollar.

USD -->EUR	1.
------------	----

USD -->EUR	1.
------------	----

USD -->CAD	1.
------------	----

USD -->CAD	1.
------------	----

I. USING THE METRIC CONVERSION

The Translator can convert one type of measurement to another. The following 8 related pairs are built-in the unit and they can be inverse : °C(Celsius) to °F (Fahreheit) ,M (Metre) to F (Feet), CM (Centimetre) to IN (Inch), L(Litre) to GL(US Gallon), L(Litre) to BG (British Gallon), KG (Kilogram) to LB (Pound),G (Gram) to OZ (Ounce) and A (Are) to AC (Acre).

1. Press <CONV> key to go to conversion mode, and then <2> to select CURRENCY conversion, display shows °C- °F and the formula for Celsius to Fahrenheit.

1. CURRENCY ▶ 2. METRIC

°C -> °F F=1.8 *C+32

2. Enter the amount, e.g. 25°C, press 25 then <ENTER>, display shows from Celsius to Fahrenheit.
i.e. 25°C = 77°F.
3. Press <RIGHT> key to convert from Fahrenheit to Celsius, display shows:
4. Enter the amount, e.g. 100 °F, press 100 then <ENTER>, display shows from Fahrenheit to Celsius.
i.e. 100°F=37.77777777°C.
5. The other type of measurement conversion is with same format as above.
6. Press <PAGE UP> or <PAGE DOWN> keys to search other conversions.
E.g. Press <PAGE DOWN> key to have next conversion : M->FT.

$^{\circ}\text{C} \rightarrow ^{\circ}\text{F}$ 25.
--

$^{\circ}\text{C} \rightarrow ^{\circ}\text{F}$ 7 7.

$^{\circ}\text{C} \leftarrow ^{\circ}\text{F}$ I 0 .

$^{\circ}\text{C} \leftarrow ^{\circ}\text{F}$ I 100.
--

$^{\circ}\text{C} \leftarrow ^{\circ}\text{F}$ I 37.777777778
--

M -> FT 3.28084

K. USING THE SIZE CONVERSION

You can use the Translator to convert the garment size. The following 4 subject are built-in the unit:

Women Clothes

Men Shirts

Women Shoes

Men Shoes

1. Press <CONV> key to go to conversion mode, and then press <DOWN> key or <3> to select SIZE conversion, display shows:
2. Use <UP> or <DOWN> keys to select the desired subject. e.g. <WOMAN SHOES>.
3. Press <ENTER>, display shows:
4. Use <UP/DOWN/LEFT/RIGHT> arrow key to see other conversion.
5. Press <ESC> to return to select conversion screen.

2. METRIC ▶ 3. SIZE

▶ Women Clothes Men Shirts

▶ Women Shoes Men Shoes

America	5 ¹ / ₂	6
Britain	4 ¹ / ₂	5

Italy	37	37 ¹ / ₂
Japan	23	23 ¹ / ₂

L. PERSONAL PASSWORD

You can protect your DATABANK information by inputting your personal password. Before you input the password, make sure you can remember the password number otherwise your DATABANK will be locked until you reset your Translator.

- 1) At the mode of the Local Time, e.g. display shows:
