On the Edge

Can You Tell Me Where The Restroom Is? Do You Speak English?

You meant to buy those language CD's and learn to speak French and German before you departed for your European vacation, but it just didn't happen. Well, there's no need to worry. The Lingo Voyager 4 talking translator does the talking for you — in 14 languages. This compact interpreter speaks and displays, in writing, 280,000 words and over 32,000 helpful phrases in English, German, Portuguese, Dutch, French, Spanish, Italian, Russian, Chinese, Japanese, Korean, Greek, Arabic, and Hebrew. The Lingo multi-language translator translates into foreign language characters and shows you phonetically how to pronounce the characters in your own language, and then pronounces them for you at the touch of a button. It fits easily into your pocket or purse and includes a currency and metric converter, world-time clock, built-in voice recorder and comes equipped with the New Oxford American Dictionary®.

Visiting more than fourteen countries? The Lingo Voyager 5 model translates 20 languages and speaks over 400,000 words and 46,000 useful phrases.

This Page: The Lingo 5 translates 20 languages and speaks over 400,000 words. Opposite Page: TriSpecs blend sunglasses, wireless stereo headphones, and a Bluetooth® headset and are available in a variety of styles and colors.
